

SKILLS EXERCISE

SPLIT EAR MULTI-TASK

You will love this exercise and hate it. Information comes at you from three directions, in stereo, and you are to fill in all three columns **equally**.

Do not concentrate on just one set. Your score is the column with the **least** amount filled in. There is no other exercise that comes closer to the multi-tasking of 9-1-1.

GOOD LUCK.

MULTI-TASK WORKSHEET

DISPATCHER · RECORD EVERY SET YOU CATCH

AUDIO TRACK Split Ear.wav · Split Ear Intl.wav (international alphabet)

Three streams play at once. Write each set in its own column and work all three evenly — your score is the shortest column, not the longest. Possible total: **20 points**.

TRAINER USE ONLY

Score by counting the **shortest** column — possible total 20 points. A Dispatcher who fills one column perfectly and leaves the other two half done has not passed the exercise. That is the point of it.
